

REMARKS

Claims 1-9, 13-23, 29, 31-35 and 45 have been cancelled. Claims 10, 12, 24, 30, 36, 37 and 43 have been amended. Thus, claims 10-12, 24-28, 30 and 36-44 are pending in this application. The applicants would like to thank the Examiner for the indicated allowance of claims 38-42. It is respectfully submitted that based on the above amendments and the following remarks that all of the presently pending claims are in condition for allowance.

Claim 10 was objected to based on depending from rejected claim 1. Claim 10 has been rewritten in independent form incorporating all the limitations of claim 1. Thus, it is respectfully submitted that claim 10 is allowable and the objection be withdrawn. Since claims 11 and 12 depend from claim 10, it is respectfully submitted that these claims are also allowable.

Claim 12 was further objected to based on the use of the term "private branch exchange." At the Examiner's suggestion, the Applicants amended the claim to recite "PBX" to be consistent with claims 10 and 11. Thus, it is respectfully submitted that this claim objection should be withdrawn.

Claim 24 was objected to based on depending from rejected claims 1 and 23. Claim 24 has been rewritten in independent form incorporating all the limitations of claims 1 and 23. Thus, it is respectfully submitted that claim 24 is allowable and the objection be withdrawn. Since claims 24-28 depend from claim 24, it is respectfully submitted that these claims are also allowable.

Claim 30 was rejected under 35 USC § 112, second paragraph, as being indefinite based on depending from rejected claim 29. Claim 30 has been rewritten to depend from allowable claim 24. Thus, it is respectfully submitted that claim 30 is also allowable and the rejection under 35 USC § 112, second paragraph, be withdrawn.

Claims 36 and 37 were each objected to based on depending from rejected claims 1 and 34. Each of claims 36 and 37 has been rewritten in independent form incorporating all the limitations of claims 1 and 34. Thus, it is respectfully submitted that claims 36 and 37 are allowable and the objections be withdrawn.

Claim 43 was objected to based on the recitation of a "wideband wireless radio." The Applicants have amended the claim to recite a "wireless radio" based on the Examiner's assertion that the claim was examined based on that recitation. Thus, it is respectfully submitted that claim 43 is allowable and the objection be withdrawn. Since claim 44 depends from claim 43, it is respectfully submitted that this claim is also allowable.

CONCLUSION

In light of the foregoing, the applicants respectfully submit that all of the pending claims are in condition for allowance. All issues raised by the Examiner have been addressed, an early and favorable action on the merits is earnestly solicited.

Respectfully submitted,

Dated: August 31, 2005
